ARE YOU OR A LOVED ONE LIVING WITH A RARE EPILEPSY?

IF SO, HAVE YOU EVER WONDERED...

What caused my rare epilepsy?

Which treatments are most effective?

How can we cure my rare epilepsy?

What can be done to improve my quality of life?

THAT’S WHY THE RARE EPILEPSIES NETWORK (REN) WAS BORN

The only way we will get answers to these critical questions is to gather information about as many people with rare epilepsy as possible. Your participation in the REN will help researchers study trends and find answers.

Accelerating Research on the Rare Epilepsies
