Wednesday, September 25

7:00-8:30  Breakfast and Registration

8:30 – 8:50  Welcome and Introduction
Jacqueline French, MD, Chief Medical and Innovation Officer, Epilepsy Foundation
William Theodore, MD, President, American Epilepsy Society
Helen Cross, MD, President, International League Against Epilepsy
Bernice Martin Lee: Epilepsy Foundation Welcome: Our Health Equity Imperative

SESSION I: PRECLINICAL
Moderator:  TBD

8:50-9:10  New preclinical models: Are they helping or hurting? Karen Wilcox
9:10-9:20  Title TBD; Tilo Aurelio Gschwind, PhD
9:20 – 9:40  Pipeline Preclinical Sessions
9:40 – 9:55  Q&A
9:55 – 10:10  Networking Break

SESSION II: Digital solutions for clinical trials and beyond

Moderator:

10:10-10:15  Patient/Caregiver Perspective: Alison Kukla
10:15-10:30  Considerations from lived experience for monitoring devices: Tom Stanton
10:30-10:45  From conception to clinical availability: the pathway for tracking and monitoring devices (dtRRE recap)
10:45-11:00  How do you determine that a seizure is a seizure on EEG: Nathan Fountain
11:00 - 11:30  Towards optimized Seizure diaries as trial outcome tools – Panel Discussion: Ludovic
Ampe, Dr. Gail Farfel

11:30 – 11:40 Q&A

SESSION III: DIGITAL/DEVICE

Moderator:

11:40-12:10 Digital/Device Pipeline Sessions

12:10 – 1:10 Networking Lunch

SESSION IV: DIGITAL SOLUTIONS/DEVICE

Moderator:

1:10 – 1:30 Epilepsy Foundation ChatBot Talk – David Jost

1:30-2:50 Digital Solutions Pipeline Sessions

2:50-3:10 Networking Break

3:10-5:00 SHARK TANK COMPETITION

3:10-3:15 Shark Tank Welcome
  Jacqueline French, MD, Epilepsy Foundation

3:15-3:30 Shark tank past winners: How have they done?

3:30-3:40 Prior winner update
  Paul Loomis – Braincapture

3:40-3:50 Prior winner update
  Angela Liedler – Precisis GmbH

3:50-4:05 Introductions and Rules

  Competition

  5:05 – 5:25 Deliberations/Voting

  5:25 – 5:30 Announce Winner

  5:30 – 6 – networking break before reception

6:00 DINNER RECEPTION & AWARD PRESENTATION
Thursday, September 26th

7:00-8:00  Continental Breakfast and Registration
8:00-8:05  Welcome

SESSION V: PIPELINE FOR GENE BASED AND CELL THERAPIES

Moderator:
8:05 – 8:10  Patient Caregiver Perspective
8:10-9:00  Gene Based and Cell Therapies Pipeline Sessions

SESSION VI: Pediatric trials

Moderator:  Alexis Arzimanoglou MD
9:00-9:05  Patient/Caregiver Perspective
9:05-9:20  How should we group patients for DEE trials: The path forward: Dr. Helen Cross
9:20-9:50  RRE updates; Measuring non-seizure outcomes in disease-modifying trials: Dr. Madison Berl
9:50-10:10  RRE Hot topic: Measuring seizure outcomes for disease modifying trials – Dr. Jacqueline French
10:10-10:25 Networking Break
10:25-10:45 Panel: measuring seizure impact beyond seizure counting
10:45-11:00  Discussion

SESSION VII: CLINICAL TRIAL CONDUCT

Moderator:  Chris Elder
11:00-11:05  Patient/Caregiver Perspective
11:05-11:20  Why is recruitment getting harder: Dr. Dan Friedman
11:20-11:35  What is causing the placebo response: New Data: Dr. Wesley Kerr
11:35-11:50  Increasing DEI and trial enrollment: Dr. Johnathan Williams
11:50-12:10  Panel: Improving recruitment in trials
12:10- 1:15  Networking Lunch

SESSION VIII: CLINICAL DRUGS

Moderator:

1:15-1:20  Patient/Caregiver Perspective: Alison Zetterquist
1:20-3:00  Pipeline Sessions: Clinical Drugs
3:05  Closing Remarks
