

# BUILDING INCLUSIVE COMMUNITIES & COLLABORATIONS

*to Achieve Epilepsy Equity*

**August 26-28, 2026 Tulsa, OK**

## **DRAFT AGENDA**<sup>[As of 6.4.26]</sup>

*All times are Central Standard Time (CST)*

### **Event Objectives:**

- To convene the Epilepsy Foundation network and its partners to learn how to address epilepsy disparities through coalitions and strategic partnerships, in addition to other public health approaches.
- To improve the capacity of the EF network and its partners to build effective and mutually beneficial collaborations and partnerships to address unmet social needs of those living with epilepsy.
- To increase engagement between the EF network and shared-mission professionals, including injury prevention, stroke, and traumatic brain specialists.

### **Monday, August 24, 2026**

*Arrival of Development Meeting Participants*

### **Tuesday, August 25, 2026**

**8:00 AM – 4:30 PM - Breakfast and Training**

*HYATT REGENCY TULSA DOWNTOWN, 100 East 2<sup>nd</sup> Street Tulsa, OK 74103, Oklahoma Ballroom*

#### **Pre-conference Training: Collaboration in Practice Workshop**

During the skill-building workshop, participants will learn how to “see” their work as a system of relationships and identify where stronger collaboration can create the greatest impact. Learning objectives for the skill-building session may include some or all of the following:

1. Identify key partners needed to address the social determinants of epilepsy.
2. Assess the strength and gaps in your current partnerships.
3. Apply 2-3 strategies to strengthen cross-sector collaboration.
4. Develop a short-term action plan for advancing a priority partnership.
5. Provide two examples of actions you can take to advance equitable outcomes through your collaborative efforts.
